In the search for the perfect long-range precision optic, look no further than the Sightmark Latitude Competition Series Riflescopes. The Latitude is jam-packed with features found on scopes twice its price, including oversized adjustment turrets, a zero stop elevation dial and a locking, fast focus eyepiece. The Latitude's 34mm single-piece tube is ideal for long-distance shooting and is able to withstand up to .50 BMG caliber recoil. Its reticle can be illuminated red or green in low-light conditions. IP67 waterproof and fogproof, the Latitude offers protection from the elements with fully multi-coated optics. The Latitude comes with sunshade, CR2032 battery and manual.
